MD ISMAIL HOSSAIN

Graduate Teaching Assistant | School of Computing | University of Wyoming, Laramie, USA

mhossa14@uwyo.edu | GitHub.com/IsmailTimes | ismailtimes.weebly.com | Google Scholar

EDUCATION

M.S. in Geospatial Information Science & Technology *Fall 2025 – Present*
School of Computing, University of Wyoming, USA · GPA: 4.00/4.00 *(Expected Spring, 2027)*
Thesis: Digital Twin Readiness and Data Equality in Small Cities (ongoing)
Chapter 1: When Urban Digital Twins Reproduce or Reduce Inequality: A Twin-Pole Framework Across the Digital Twin Lifecycle
Chapter 2: Governing and Implementing the Small-City Digital Twin: Data Privacy, Sharing, and Equity in Laramie and Afton, Wyoming.
Supervisor: Dr. Jason "Jake" Hawes

B.S. in Local Government & Urban Development
Jatiya Kabi Kazi Nazrul Islam University, Bangladesh · CGPA: 3.84/4.00 · Ranked 1st in class of 55 *2020 – 2025*
Thesis: Understanding Teleworking Adoption and Its Impact on Transportation in Bangladesh: A PLS-SEM Analysis

RESEARCH INTERESTS

- Travel Behavior
- Sustainable Transportation Planning
- Digital Twins
- Spatial Data Science
- Traffic Safety
- Land Use & Transportation
- GeoAI & ML
- Human-Environment Systems

3. **Hossain, M. I.**, Hawes, J. K., & Hamerlinck, J. D. Poster presented at the *UW Science Institute Annual Spring Research Symposium, University of Wyoming, Laramie, WY. Spring 2026.*

WYDOT School Safety Project — Lead Analyst *Fall 2025*

GIST 5200: Geographic Visualization, University of Wyoming

- Led GIS-based analysis with Wyoming DOT to assess school-zone safety across the state.
- Built spatial visualizations in ArcGIS Pro to identify high-risk traffic and safety patterns.
- Coordinated team workflow and all presentation outputs as project lead.

TECHNICAL SKILLS

GIS & Remote Sensing	ArcGIS Pro · QGIS · Geodata · Google Earth Engine · Spatial Analysis
Programming	Python · R · Java · JavaScript · C#
Machine Learning	Predictive Analytics · Data Modeling · Regression
Data Management	MySQL · SQLite · KoBo Toolbox (survey & field data)
Statistical Analysis	SPSS · Jamovi · Parametric & Non-parametric Tests · Regression Modeling · SmartPLS
Dev Tools	VS Code · RStudio · Anaconda · GitHub · GitLab

AWARDS & SCHOLARSHIPS

- CaGIS Master's Scholarship Award, Cartography and Geographic Information Society *2026*
- NSF Fully Funded AI-Unlocked/ACCESS Workshop, Denver, Colorado *2026*
- Graduate Student Travel Funding Scholarship, University of Wyoming *Spring 2026*
- Vice Chancellor Merit Scholarship (Top-ranked student in dept, 4×) *2021–2024*
- Departmental Merit Scholarship (Top-ranked student, 3×) *2023–2025*
- 1st Place — University & Tarash Student Assoc. Essay Competitions *2021*

RESEARCH & PROFESSIONAL EXPERIENCE

Graduate Teaching Assistant *Fall 2026 – Present*

School of Computing, University of Wyoming, Laramie, USA

- Support undergraduate GIST 2310: Introduction to GIS laboratory instruction and hands-on geospatial exercises.
- Assist students with GIS concepts, spatial data, mapping, assignments, and spatial analysis techniques.

Graduate Research Assistant *Fall 2025 – Summer 2026*

School of Computing, University of Wyoming, Laramie, USA

Smart Rural Places Project: Digital Twins for Rural Places | *Project Website:* ***https://datahive.uwyo.edu/rural-smart-digital-twin/***

- Conducting thesis research on digital twin readiness and geospatial data equality, comparing a university-town (Laramie) and a rural community (Afton) in Wyoming.
- Geospatial data collection, spatial analysis using GIS and programming tools.
- Support interdisciplinary research on urban systems, infrastructure, and academic writing.

Undergraduate Research Assistant *2022 – 2023*

Dept. of Local Government & Urban Development, JKKNIU, Bangladesh

- Literature reviews on climate resilience; field data collection via surveys, interviews, and focus groups.

Undergraduate Teaching Assistant *2020 – 2022*

Dept. of Local Government & Urban Development, JKKNIU, Bangladesh

- Supported course preparation and student mentoring.
- Created an academic resource blog: lgudzone.blogspot.com

Lead SDET (Remote) — EagleMD Psychiatry MH Services LLC, Georgia, USA *2024 – 2025*

- Improved bug detection by 20% via optimized testing strategies; mentored junior testers.

Software Development Engineer in Test (SDET) Remote— ICTER Guru LLC, Atlanta, USA *2022 – 2024*

- Developed 50+ automated test scripts using Selenium and Java, improving testing efficiency and coverage.
- Helped junior testing engineer through online training (Class samples are in both Bengali and English: https://www.youtube.com/playlist?list=PLnPs2YiQB-Qrw5MrZuqJYBJvCV3MZNY1D)

Math & Computer Science Instructor (Remote) — ICTER Guru LLC, Atlanta, USA *2020 – 2023*

- Taught mathematics, programming, statistics & data science to high school and college students.

ENTREPRENEURSHIP & START-UP

Co-Founder & CEO — NextHunger IT Firm *2023 – Present*

https://nexthunger.vercel.app/

- Founded a tech firm specializing in custom websites, web applications, and full branding (logos, business cards, letterheads).
- Delivered 5 personal websites, 2 institutional websites, and 1 psychiatry platform with complete brand identity packages.
- Managed client relationships, project timelines, and a cross-functional development team end-to-end.

LEADERSHIP & SERVICE

Secretary — Environment, Climate, Disasters & Planning *2022 – 2025*

Tarash Student Association, Bangladesh

- Planned and coordinated academic and volunteer events on environment and community development.

Elected Class Representative (3×) *2020 – 2022*

Jatiya Kabi Kazi Nazrul Islam University, Bangladesh

- Represented students, facilitated faculty communication, and organized academic events.

Member, American Association of Geographers (AAG) *2025 – Present*

Member, American Society for Photogrammetry and Remote Sensing *2025 – Present*

Student Chapter, University of Wyoming, Laramie, USA

Sports Analyst & Content Creator | YouTube — 2022 - 2023

Ismail Times | https://www.youtube.com/@ismailtimes

• Produced data-informed analyses of cricket and soccer, interpreting player performance, match statistics, and tactical trends for online audiences.
